

REMARKS

The Examiner has indicated that the present application contains claims directed to more than one species and thus requires an election under 35 U.S.C. § 121 of one of the following species of the claimed invention:

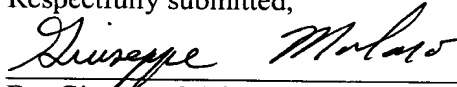

- I. Figure 1
- II. Figures 5-6
- III. Figures 7-9
- IV. Figures 10-11

In response, Applicant elects to prosecute Species II (Figures 5 and 6) for prosecution in this application. Applicant reserves the right to file continuation, divisional, and/or continuation-in-part applications to protect the inventions of Species I, III, and IV, if Applicant so desires. The claims readable on this species are believed to be claims 1, 3-9, and 26-37.

In light of the above amendments and remarks, the Applicant respectfully requests that the Examiner reconsider this application with a view toward allowance. The Examiner is invited to call the undersigned attorney at 212-790-6348, if a telephone call could help resolve any remaining items.
